# 5 important keys of having a website

- ✓ **Keeping your business one step ahead**  
Do not let your competitor to seize the opportunity from you.
- ✓ **Business available at 24/7 and 365 days**  
Generate sales day & night whether it is weekdays or weekends or even holidays.
- ✓ **Business up-to-date at any situation**  
Control your company's branding and image, with a website you can always update all your content anytime at anywhere.
- ✓ **Cheapest and Risk free**  
The cheapest option for you as an additional branding tool with 0.01% risk.
- ✓ **Reach out to the worldwide**  
The easier way for your business to gain exposure internationally and locally.

## www.Lacamara.org.my

The Malaysian Spanish Chamber of Commerce & Industry required a website to provide trade opportunities for members and future members of the Chamber. Part of their requirements include an Online Companies Directory. UNO.com.my developed a directory listing that has both public and members only information. In addition, an advertisement banner module is included for La Camara to manage sponsor advertisements for their members.

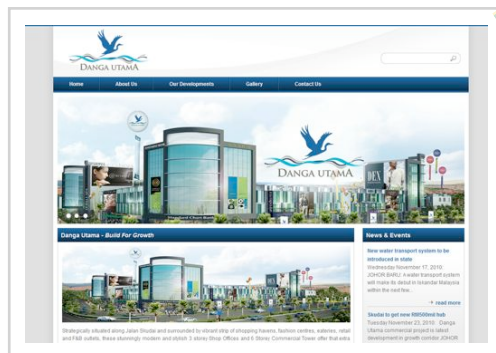

## www.UNDP.org.my

UNO.com.my was contacted to standardise UNDP Malaysia's website with other global UNDP websites and provide the UNDP staff the flexibility to maintain the website. A more aesthetic website was created without breaking the organisation's guidelines.

## www.MSWG.org.my

Minority Shareholder Watchdog Group's website provided online paid subscriber services. The services required an overhaul in functionality and design. The scope of work included working with various third party vendors to make it easier for customers' access to the information. The work was challenging but the results were satisfying for the website was revamped with better design and functions.

## www.DangaUtama.com

A development within the Iskandar Malaysia (IM), formerly known as Iskandar Development Region (IDR), Danga Utama needed a platform that will notify their buyers the status of the property development. A website with the feasibility for Danga Utama's marketing staff to update the development progress not only with reports but also with images. Buyers from all over the world are kept updated on the progress with minimal costs.

### www.BOH.com.my/shop

BOH Plantation required a revamp of their Online Gift Shop without affecting their existing corporate website. One of the main requirements was the ease of updating and managing orders. The requirements include a complex and customised shipping method for Pos Laju, Air Mail and Sea Mail, minimal value and maximum weight settings.

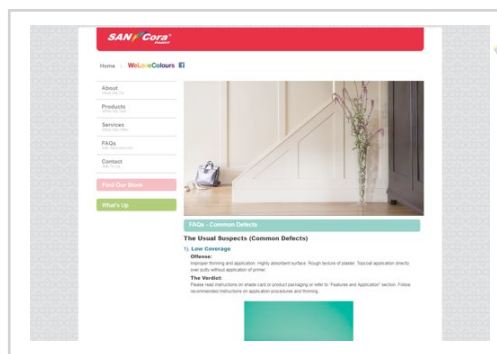

### www.EsquireKitchen.com

Esquire Kitchen was without a website until UNO.com.my was hired to develop one for them. Esquire Kitchen understood the value and potential in having an online presence. UNO.com.my was tasked with creating a digital Internet image. This was done successfully while bringing out its over 37 years of colorful history.

### www.AuntieAnnes.com.my

An international franchise with over 1,100 outlets in 23 countries, Auntie Annes is a well known brand. UNO.com.my was roped in to revamp the Malaysian website to portray the international brand image. The website was developed to be not only visually appealing but also functionally manageable by the staff.

### www.SANcora.com

SANcora was looking for a web studio to rebrand their online identity. Their existing website was in need of a new image. UNO.com.my has revamped their identity to portray a modern and dynamic company. SANcora continued to develop other projects such as portals discussing paints.
